# Vote On Teamster Role Due

By Linda S. Corbett

Andover school administrators will vote March 20 whether or not to continue their affiliation with Teamsters Local 380.

The election was ordered by the State Labor Relations commission after six of the 19 administrators (including principals, assistant principals, program advisors, pupil personnel administrator and vocational counselor) petitioned for decertification of the Teamsters Union.

One of the reasons for no longer wanting Teamster representation is the fact that administrators must pay an agency associate fee to the union even if they don't choose to belong. That fee last year amounted to \$180 — the same as union membership dues.

Two administrators never did sign with the Teamsters, who have represented the unit since they broke away from the Andover Education Association (AEA) early

in 1976. Two more have since resigned.

Andover High Principal Philip Wormwood, president of Local 380, said yesterday that since no other union group turned up at the recent Labor Relations Board hearing he has been told the choice March 20 will be the Teamsters or "no organization."

Given the latter, the administrators

# Turner Farm Property Is Being Eyed By Town

By Robert E. Finneran  
Editor

Andover may get back into the farming business.

Currently under consideration by conservation interests and municipal officials, is the possible acquisition of the Turner Farm property off South Main street, a 33 acre plot which is available and has been examined by prospective developers.

The TOWNSMAN learned this week that the town's interests in acquiring this property may be placed before the selectmen as early as Monday night in order that an article may be inserted in a special town meeting warrant within the annual town meeting.

Conservation commission members have discussed the possibility of acquiring the valuable land, and some residents abutting the area have indicated an interest in its being purchased by the town.

Acting Town Manager Sheldon S. Cohen said Wednesday that the matter had been presented to him and that the land is available for purchase. If the town is interested in such a purchase, it probably would have to be presented at this year's town meeting. It could be considered at Monday's selectmen's meeting, Cohen

said.

The acting manager said that the plot is one of few remaining working farmland areas in Andover, even though it had not been in active use for a couple of years. The land and buildings has some history to it, Cohen said, adding, "whether this is something the town should purchase should be placed before town meeting."

Harvey G. Turner, who operated the farm for several years, died a year ago. A son, Harvey G. Turner, Jr., resides in Vermont.

Reportedly developers have looked at the property with an eye toward housing development. Purchase price has been estimated to be in the vicinity of \$390,000.

The area is covered by regulations which would require three-quarter acre lots. There are no sewer lines to serve the area, thus septic systems would be required.

Proponents of acquisition of the land by the town, indicate that there is precedent for obtaining such property and operating it on a municipal basis.

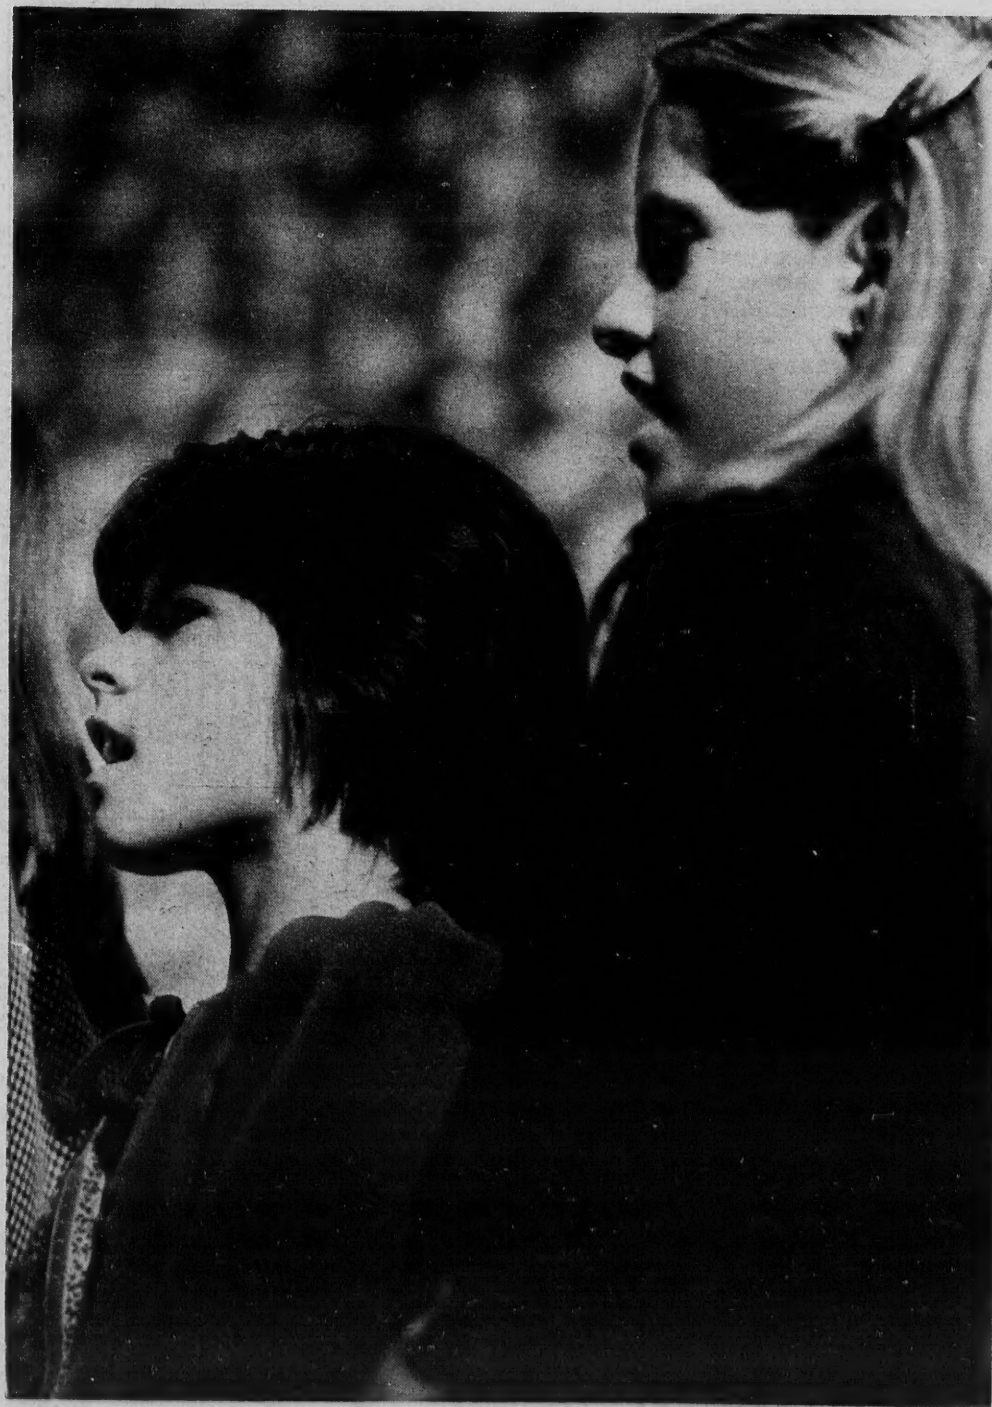

The city of Peabody and the town of Lincoln have such farms. Some state funding to assist in acquisition for continued agricultural purpose is available, some sources indicate, but whether the particular plot would qualify is being investigated.

Also, studies are being made to determine if the house and barn would qualify for historic designation.

Where communities have acquired farms, the land has been worked in some cases by private citizens and in other cases by town employees.

There are several fruit trees on the land, still considered valuable.

There is precedent in conservation-minded Andover for acquisition by the town of large tracts of land. Within recent years the town acquired property owned by Fred W. Doyle off High Plain road. At the time, town meeting was informed that acquisition would represent an investment, since sale of the property to a developer would result in increased services to the area and would have a detrimental effect on school housing.

## Financing Government On Agenda

Financing Government is the subject the Andover League of Women Voters will be dealing with at a series of unit meetings to be held next week. These units are part of an ongoing State League study which is considering the interrelationships of the state, county and local governments and the tax structures and fiscal policies at each level.

The meetings in Andover will be held as follows: on Monday, March 13, at 12 noon, at the home of Marilyn Brody, 3 Carriage Hill Road; on Tuesday, March 14, at 9:15 a.m. at the home of Peggy Atanasoff, 5 Arrowood Lane; and on Thursday evening, March 16, at 7:45 p.m. at the home of Nancy Weinstein, 3 Crestwood Drive. Babysitting arrangements for the Tuesday morning meeting can be made through Sue Sullivan, 25 Coolidge Road.

## Forum

On Monday evening, March 13, the Merrimack River Watershed Council, Inc. together with the Massachusetts Water Resources Commission will host a public forum at Northern Essex Community College, Haverhill. This forum was previously scheduled for February 13 and was cancelled due to the storm.

The Massachusetts Water Resources Commission is the central water policy planning body for the Commonwealth. As such, the Commission is responsible for approving water quality standards in the Merrimack, establishing water supply policies in the Basin and establishing policy direction for each of the many state agencies which operate programs affecting the River.

This meeting is open to Conservation Commissioners, Town Planning officials, Watershed Council members as well as to the interested general public.

## Redistricting Decision Due Tuesday

The Andover School Committee Tuesday will act on a plan to redistrict 150 to 175 Andover youngsters in September.

The meeting will begin at 7:30 p.m. in Stowe School.

The redistricting plan, presented by the administration last week, calls for pupils from over-crowded West Elementary to be moved, via district lines, to Shawsheen and Sanborn Schools where enrollment is declining.

Bancroft Principal Jack Coyle, speaking for the administrator who worked on the plan, said pupils in both areas once attended Shawsheen and Sanborn, but were redistricted to West when that school was built some 10 years ago.

The school committee had asked for a plan to achieve consistency of services throughout the system, while compensating for dwindling enrollments. They also are seeking a plan that could move administrative offices into one of the

schools when enrollments decline sufficiently, thus allowing antiquated Stowe and Jackson Schools to be closed down.

The plan as presented would redistrict the following streets from West to Sanborn: Greenwood Road up to Dean Circle, Tiffany Lane, Cottonwood Circle, Exeter Way, Lancaster Place, Lowell Street from Lovejoy Road to the Animal Hospital, Knob Hill, Lansbury Lane and Candlewood Drive.

Involved in the move to Shawsheen would be Mary Lou Lane, Marilyn Road, Lincoln Steet, Theodore Avenue, Smithshire Drive, Beech Circle, Lincoln Circle, Canterbury Street, Lowell Street from Lincoln to Iceland Road, Cindy Lane, Cyr Circle, Arthur Road, Lillian Terrace, Cassimere Street, Iceland Road and Stevens Street and Shawsheen Road from Stevens to Lincoln.

## Retirements Pending

Two members of the building-planning department will be retiring within the month.

Helen Richards, planning aide, will retire on March 31 and Building Inspector Arthur Peatman will retire on April 15.

Mrs. Richards has been a member of the planning department for many years, while Peat-

man has been serving as building inspector for over ten years.

Current budget planning includes consideration of appointment of a full time professional planner in the department and a secretary in the planning department during the next fiscal year, if approved at town meeting.

## To Discuss Dog Law Enforcement

Enforcement of the dog control (or leash) law as it currently exists will be among topics on the agenda for discussion by selectmen when they meet in regular session Monday at 7:30 p.m. in the meeting room of Memorial Hall library.

Also scheduled to appear before the board on Monday are the executive director and members of

the Andover Housing Authority to discuss an application for funding another elderly housing project.

The AHA was given authority to proceed with applying for funding at the annual town meeting last year, and the board will be updating selectmen on the progress of that project.

## Forum Is Tuesday

The Recreation Community Schools Committee will hold an open meeting on March 14 at Ballardvale Community Center, 7:30 p.m. Residents are en-

couraged to share their views regarding opportunities for Recreation Community Schools programming in Ballardvale.

## Education Seminars Continue

The fourth in a series of seminars entitled "Issued In Education" will be held in the Large Group Room at Andover High today at 3:30 p.m.

The topic will be "The Motor Aspect in the Management of Hyperkinetic Children," featuring guest lecturer James Chan, a registered physical therapist and former instructor in pediatrics at the Department of Psychiatry, Johns Hopkins University School of Medicine.

Next Thursday's topic, at 3:15 in the Large Group Room, will be "Teaching Children of Divorce," with Mary Gendler of the Growing Room.

While the seminars are geared primarily for the system's teachers, parents may also attend. They are asked to contact Jean C. Finn at Jackson School.

## Shawsheen Fair

plans well underway for a big Spring Fair scheduled for Saturday, April 1. There will be many things for sale including toys, books, games, records, plants, children's clothing, second-hand treasures and delicious baked goods.

## Accepting Requests For Grants

West Parish Church, Andover, was, in 1976, the recipient of a generous bequest from the late Susanne Smith Purdon, a longtime resident of Andover.

The board of directors of the Smith Purdon Fund, who are administering the fund, announce that proposals requesting grants will be received between March 1 and April 30. Proposals will then be reviewed from the date of receipt until June 30.

It is the stated philosophy of the fund that it be used to "facilitate, support and create programs for human services."

The directors will consider proposals which support direct human services "in any caring way and fulfill any pressing community need," and will also consider initiating innovative programs through grants or seed money.

One of the most important criteria for a proposal is that it definitely would "make a difference" to the life of the community.

Proposals should allow for participation of volunteers and should be for services and/or funds which are not available elsewhere.

The board of directors responsible for the administration of the fund at West Parish Church consists of Donald Ellsworth, chairman, Ruby Easton, Wayne Grant, Dr. Otis Maxfield, Donald Schofield, Elaine Viehmann and Vahey Gulezian.

Applications are available at the church, 129 Reservation Road, Andover. Interested persons may also contact any member of the board.

## Pops Concert Set For YW

The annual Pops Concert will be held at the YWCA, 38 Lawrence Street, Lawrence on Friday, March 10 at 7:45 p.m. in the auditorium. Several members of the Merrimack Valley Philharmonic Symphony Orchestra under the direction of Domenic Teoli will present a musical program of favorite tunes from musical shows, stirring marches, Viennese waltzes, popular melodies and light classical pieces.

Seating at tables will be arranged for the serving of wine and snacks, coffee and

pastries during the performance. The color theme will be yellow with centerpieces to herald the coming of Spring as daffodils, jonquils, crocuses and tulips will bloom in profusion to help folks get out of the doldrums of winter. Tickets and information can be obtained by calling the YWCA and a few may be available at the door.

Members of the committee in charge include the following from Andover and North Andover: Mrs. James Bottomley, Mrs. Brude Davis, Mrs. Paul F. Donahue, Mrs. Marshall Field, Mrs. John Fitzgerald, Mrs. George Monks, Jr., Mrs. Robert Sherman, Mrs. Richard White.

## Women's Club Guest Night

The Merrimack Valley Christian Women's Club will hold a guest night at the Andover Country Club in Andover on Friday evening March 17 at 7 p.m. The annual dinner meeting is open to all men and

women in the area.

The dinner meeting will include a special feature speaker from Weston Nurseries of Hopkinton. This designer representative will discuss the art of landscaping as it relates to the

homeowner.

The guest speaker will be Peter Stiff, who is a corporate buyer.

Reservations for the dinner event may be made by contacting Mrs. Ernest Turat of Andover.

# Andover High Notebook

By Renee Pruneau

The Andover High Newspaper, Imprint II, has published its third edition. The February issue was six pages of informative news both about sports and school. There were editorials, puzzles, a calendar of coming events, news from A.H.S. students abroad, classified ads, creative writing and much more. The hardworking staff is running into difficulties in the monetary department. If they continue with a monthly periodical, then by May they will be \$445 in dept. One thousand dollars was given to the staff at the beginning of the year, but it costs \$255 to print a six-page paper. The editors are trying to curb the loss of capital by selling ads to area businesses and families. The price is \$1.00 per column inch. They are also selling classified ads for twenty-five cents.

The publication has a circulation of approximately 1,000 papers. Those papers are usually shared with the students' friends and families. Anyone interested in taking an ad should contact Paige Whitley, Stacy Zeder or any other Imprint II staff member, through the main office at the High School.

would still have the option of hiring someone to represent them in contract negotiations.

Wormwood said there had been some talk about the Massachusetts Teachers Association, through the AEA, being interested in taking on the administrators once again, but that he didn't know of any others.

He said the administrators chose to break away originally because of the problems of having one organization represent both teachers and administrators, even though they were technically different units.

It wasn't so bad back when negotiations were concerned mostly with money, he said, but "things are a lot more complicated now." He said working conditions and hours and the like are now negotiated as well, and they are possible areas for disagreement between teachers and administrators.

Clause 6 of the current Teamster contract with the school committee, which requires all administrators to pay an agency fee if they are not members is part of the contract originally negotiated with the school committee two years ago.

Mrs. Elaine Viehmann, who was a member of the school committee that signed that contract, along with Frank Griggs, George Olesen, David Ahouse and Joseph Finn, said this week that the com-

Two cords of wood were burned in an underground house during the 1976 winter in Armington, Illinois. Soil around the house is 58°F year round; heat of the summer is released slowly during the winter, Massachusetts Audubon notes. House temperature dropped from 70° to 62°F during a four-day heatless period when outside temperature was minus 25°F.

known clubs at A.H.S., is the Scuba Club. The Scuba Club is currently getting ready for the approaching diving season. The members collect some of the beauties from the ocean floor and spear fish such as flounder. Sometimes they cook their catch on the beach and share their treasures with each other. There is no scuba diving taught. This is for experienced divers only. The club helps to teach its members more about safety by using the buddy system and it gives them more experience. The dives take place in Gloucester and Rockport. The club meets once a week, when they plan their dives, and twice a week when diving. The club president, Tom Flannery, is planning to arrange one dive a week, or one every other week, starting, in April. Good luck to all the divers and happy fishing.

The Boy's Varsity Basketball Team isn't the only sports team who had an excellent season. The Ski Team also came in first in their region and in the State. At the championships last Thursday, the boy's team tied with St. John's for first place, but the combined boy's and girl's scores gave Andover the title. Congratulations to a hardworking and often overlooked team!

mittee was not strongly in favor of giving the clause, but that it was something the union wanted very badly, and that it facilitated the closing of the contract.

The clause is still an "open issue," in current negotiations with the Teamsters. Their contract expires June 30.

Mrs. Viehmann also said it doesn't make a lot of difference to the school committee which union they're dealing with, as long as they get the contracts settled.

Wool is a fine insulator keeping body heat in and keeping cold or heat out, Massachusetts Audubon notes. A wool fiber has more tensile strength than a steel strand of equal diameter; it can be stretched 30 times its normal length; it absorbs 50 percent of its weight in moisture without becoming saturated. Woolen uniforms, over 2,000 years old, of Roman soldiers in Britain are still in existence.

# New Positions Response To Growth

11

THE TOWNSMAN, MARCH 9, 1978

A major change in personnel alignment in the planning, health and conservation departments is anticipated within the budget planning process for the coming year.

But, Acting Town Manager Sheldon S. Cohen indicates, there does not appear to be any wholesale loss of jobs contemplated in the changes.

Cohen is in the process of creating the position of director of inspections, a position for which he received a transfer of funds from the reserve account by the Finance committee earlier this year. Selectmen supported that move.

The acting manager explained that this position will result in a person overseeing the work of the health department, planning and conservation departments. The scope of work required by statute, recent legislative action and just the continued growth of the town requires this position, Cohen states.

The inspections supervisor will eliminate the director of public health position, now being filled on a temporary basis.

## Turn It Down

The Alliance to Save Energy reminds that the hot water heater uses more energy than your stove, washer, dryer, color television, radio, refrigerator, freezer, and lights combined. Turn the thermostat down to 140° if you have a dishwasher; to 110° if not.

## Made To Freeze

Cooking enough for two meals at once is a time-saver for busy cooks, and proper freezer storage assures a delicious second meal. Pieces of cooked meat freeze best when combined with cooking liquid, a sauce or gravy, advises the National Live Stock and Meat Board. The sauce or gravy assures a more airtight package and protects the meat during freezer storage. The cooked meat should be packaged carefully, leaving space at the top of the container for expansion during freezing.

As for other positions, there had been some consideration of eliminating the position of conservation aide, a post created a year ago and filled by Mrs. Virginia Hammond. Scope of the work in this office includes inspection of areas falling under the wetlands act.

Cohen said that the position has some statutory mandates and there is some support now among selectmen for maintaining this position. Conservation commission members appeared before selectmen Monday night advocating retention of the post during a conference on their budget requests for the coming fiscal year.

In the planning department, the town is budgeting for a full time professional planner and a secretary.

Cohen said there is need for a full time planner in the office in view of the increasing responsibilities brought on by the growth of the town, and supported by the annual records which show the increased building every year.

The acting manager said that the director of inspections position did represent a major change in the alignment of per-

sonnel, but that through the conference sessions with town boards and committees started this past week by selectmen, areas of concern have been refined a little.

Cohen also said that with the new manager, Jared S. A. Clark due in April, some further decisions may be made with

regard to the proposal.

In the planning department, Mrs. Helen Richards will be retiring at the end of March. Her position of planning aide, will be filled by the professional planner and a full time secretary, according to the budget projections now contemplated.

## First Elected

The first labor official to be elected to Congress was Ely Morre, president of the General Trade Union of New York and of the National Trades' Union, in 1834, according to the U. S. Department of Labor's "Labor Firsts in America."

The first national labor union that still exists was the International Typographical Union, founded in 1850, according to "Labor Firsts in America," published by the U. S. Department of Labor.

## The Language of Flowers

by Gerry Trull

If you really like to see flowers in their natural habitat, there is one you do not want to miss. It is the largest blossoming plant in the world, and has an estimated 1,500,000 blossoms during its five week blossoming period. The plant is a giant Chinese wisteria in Sierra Madre, California. It was planted in 1892 and now has branches at least 500 feet long. It covers nearly an acre of land and its estimated weight is about 252 tons. Now that is what I call a flower.

However, if you're looking for something just a little smaller, come in to **TRULL'S MILL HILL FLOWER CENTER, 411 River Rd., 851-6161**; we have an outstanding selection of beautiful flowers and plants, including a fine array of exquisite Easter lilies to enjoy in your home or office or to give as gifts. # Warriors Advance To Semi Finals

By Jess Parks

The Andover High Warriors wandered out of their own neck of the woods Monday night and the result was a convincing 68-58 victory over Greater Lowell Regional High School — or as their uniforms say — Lowell. The win put the Warriors into the semi-finals of the Northern sectionals — a game against powerhouse Lexington.

In front of a crowd of about 3000 (one can imagine the noise) Lowell looked impressive early on in the game. Led by Nick Theokas, (who had six straight points to open the game) Lowell took leads of 4-0, 6-4 and finally 10-8, when Coach Will Hixon decided to call time-out. Then, a three point play by Andover forward Geoff Bragdon led a six point charge which put the Warriors up 16-12. The first quarter closed with Andover still leading 16-14.

Tom Torrisi of Lowell hit four free-throws to close the Andover lead to one, 19-18. Here Coach Hixon inserted guard Tom Curtin into the game and the move worked perfectly. Andover reeled off ten straight free throws, six of them by Curtin to take a 29-18 lead. Lowell literally fouled itself out of existence by halftime two Lowell players had four fouls, and two others had three. The Warriors went on to increase their lead to a maximum 15 points, 37-22, at halftime.

In the third quarter the Warriors, led by Mike Hart (who had eight for the quarter) held their lead despite a bothersome full-court press which was employed by Lowell. The key to the whole game was the disaster which existed in place of a "foul situation."

At 6:03 in the third quarter Nick Theatias fouled out, and he was soon followed by Dave Oliver and then by Tom Courtney. The loss of Courtney hurt especially, as he was the only one who seemed to be inclined offensively with eight points in the third quarter before fouling out. However, fouls are a part of the game and while Lowell couldn't control them, Andover could and at the end of three periods the Warriors still led by 15, 53-38.

In the final period the Lowell press finally paid off, forcing a number of mistakes

A huckleberry plant covering several square miles in western Pennsylvania may be the oldest living thing on earth: 13,000 years old, botanists believe, according to Massachusetts Audubon.

and helping Lowell to shave Andover's lead to nine points at 65-56. Geoff Bragdon was just about the whole team, offensively in this quarter. The senior forward scored 9 of his team's 15 points in the fourth period.

For Lowell, who found a new offensive star each period as the one before fouled out, used the outside talents of Tracy Mitchell who had eight points in the period. However, Lowell's attack was hopeless after three more players (Mitchell, Torrisi and Nick Morolis) fouled out. Andover, although still hampered by the press, managed to close off Lowell, 68-58 for their final ten-point win.

The game was decided at the free-throw line, Lowell outshot the Warriors from the field 26-20 (fieldgoals) but the Warriors shot 72% while scoring 28 points from the line — compared to Lowell's meager six.

Geoff Bragdon was one of three standouts from the free throw line (8/9) but was also the game's top scorer with 22 points besides also grabbing 10 rebounds, Mike Hart (5/7) and Tom Curtin (8/11)

were the other free-throw aces. Hart poured in 19 points overall and also took down 13 rebounds. Eric Sullivan, although out for a large period of the game with foul trouble, still managed to take 18 rebounds. When Sullivan wasn't in Greg Nicastro was doing a fine job filling in with eight total rebounds. A. J. DeFusco was an important factor from outside with eight

points in the first half, however he was shut out in the second half to finish with eight points.

For Lowell, Tracy Mitchell's talented outside touch yielded him 16 points, tops for Lowell. Tom Courtney added ten points, and both Tom Torrisi and Pete Michaelides had eight points. Michaelides also had 10 rebounds, leading his team.

## Vale Remains Undefeated

By Rick Harrison

Ballardvale United remained undefeated (8-0) and safely entrenched in first place in the Andover Church Basketball League Intermediate "Blue" Division, as BU slipped past top challenger St. Robert's B 26-21 in a key game recently.

Other Blue Division action saw St. Augustine C move to second place (4-2) with a 16-13 conquest of St. Robert's A, while Christ Church B hit the winning trail with a 13-9 decision over Christ Church A.

Ballardvale, 26-21

This game was close from beginning to end, as Rod Hollenbeck and Steve Todd popped in four points apiece during the opening period when BU inched ahead 8-5.

Todd flipped through six more as United maintained a slim 16-13 halftime spread, and four more from Steve enabled the divisional leaders to extend the advantage to 22-17 after three quarters.

Both squads netted four points in the final stanza.

Todd captured game-high scoring honors in a landslide with 18 points, topping the century mark for the season (113 points). Hollenbeck added 6 markers and Robinson canned a third period floor shot.

Dave Baker, Scott Stephens and Greg Baker also starred for BU.

Jeff Vecchi was top marksman for St. Robert's B (5-3) with 7 points, Bob Dziadosz netted 6, Joe Vecchi 4, and single buckets were contributed by Kevin Ward and John Veilleux.

Matt and Chris Chinchillo were other St. Robert's standouts.

St. Augustine C, 16-13

St. Robert's A grabbed a 6-2 first period edge, as John Terrion pumped in four points and John Williams added a fieldgoal.

However, St. Augustine C pulled even at halftime, and used an 8-2 third quarter burst keyed by Paul Burke and Scott McNamara as the springboard victory.

Burke closed with 6 points, Tim Riley and McNamara chipped in 4 markers apiece, and Danny Beckerman canned two charities in the second quarter.

Tom Finneran, Rich Sullivan and John

Madden also played well for St. Augustine C, forced to go without high-scorers Andy Sartori and Jay Madden.

John Williams sparked the St. Robert's A attack with 6 points, John Terrion notched 4, Jon MacLean pocketed a fourth quarter basket, and Geoff Dowell had a last stanza free throw.

Kevin Byrne, Chris Fay and Brian Molloy were defensive stalwarts for St. Robert's.

Christ Church B, 13-9

Steve Blair stuffed 11 points and Christ Church B held off a fourth quarter rally by Christ Church A to chalk up this 13-9 decision.

Geoff Pierson dunked a clutch fourth period bucket for the victors while Nancy Rogers, Jeanne Blair, Billy Earnshaw and Chris Wright added fine all-around efforts.

Tim Jennings led the late C-C A-team charge and finished with 4 points, Roger Fisk hooped 3 points and Chip Wood had a last stanza bucket.

Alan Gable, Mark Asgeirsson, Lori Franzese and Steve Francis came through with strong all-around floor games.

## Races End Season

Merrimack Valley BWL hopes were pinned on the 29 racers who represented their ski club at the Eastern Massachusetts Buddy Werner League Championship last Saturday morning at Waltham. Only the faint hearted were deterred from competing by the previous nights snowfall of 8 to 10 inches which created excellent conditions for the alpine event.

Ted Sutton, a league representative, and his crew had three superb courses set as the first racers arrived at 8 a.m. The weather was sunny but cold at the base, but due to the wind factor temperatures dropped down to about zero at the summit.

The action on the 7 and under course featured Kathleen Farrell in fourth place and Donald Salmen seventh in the boys

division. On the second course Katie Walsh captured fourth while Kathy Quintaliania was eighth in the girls 8-9 year old division. The older racers were competing on a third course and it saw Debby Brooks in sixth place followed closely by Susan Quintaliania in tenth place in the 12-13 year-old division.

The most interesting race centered around the boys 12-13 year old group in what has been Merrimack Valley's strong suit. This was also the case when first place was captured with an outstanding performance by David Catania. His fellow teammate Mike Gerardi copped fifth place and was followed by Dan Poore in eighth place.

In the 14-15 year old group two senior races bid farewell to the BWL program in

dramatic fashion by capturing nine points for the team. Mark Reed, a sophomore at Andover High and also a member of Andover High's championship state team wound up third in his group while Rene Hess was tenth.

Merrimack Valley finished the day in fifth place. The members of the team who were chosen to par-

ticipate in the championships, based on their performance throughout the season also include:

Lynn Bobeck, Donna Brooks, Terry Retelle, Donna Comeau, Nicole Catania, Brian Comeau, Eric Poore, Robert Brown, Tim Croteau, Tom Farrell, Carol Reed, Larry Major, John Donesian and Steve Rossi.

Mr. and Mrs. Robert G. Cairns

## Cairns - Franzese

At home in North Andover, are Mr. and Mrs. Robert George Cairns, who were married February 12 at St. Augustine's Church, Andover.

The bride is the former Judith Lynn Franzese, daughter of Mr. and Mrs. Armand J. Franzese, 48 Dascomb Road. The groom is the son of Mr. and Mrs. George R. Cairns, 7 Hawthorne Circle.

The Rev. Keffer of St. Augustine's officiated at the 2:30 p.m. service, and a reception followed at the Hillview Country Club, North Reading.

Given in marriage by her father, the bride wore a gown of pure silk organza, appliqued with hand-clipped Chantilly lace, and a removable train. Her Camelot headpiece was attached to a cathedral-length veil. She carried a cascade bouquet of white and peach roses, stephanotis and baby's breath.

Wearing identical gowns were the bridesmaids, Marline Hagopian of Reading, Darlene Gamboski of Fitchburg and Linda Cairns and Lori Franzese of Andover.

Mrs. Franzese chose a gown of silver

gray Quiana for her daughter's wedding, and wore an orchid corsage, while the groom's mother wore a peach gown with a sequined, empire waist.

James Gardner of Andover served as best man, and ushers included Glenn and Garry Cairns and Michael Franzese all of Andover.

The couple took a wedding trip to Bermuda before making their home in North Andover. The new Mrs. Cairns is a dental assistant, and her husband is an operating engineer.

## Spring Flower Show Opens On Saturday

The 1978 New England Spring Garden & Flower Show will underscore horticulture's positive impact on man and his environment.

The 107th annual extravaganza, sponsored by the Massachusetts Horticultural Society, opens March 11 for a nine-day reign at Commonwealth Pier Exhibition Hall, 170 Northern Ave., Boston.

The message from the Berkshire Garden Center, Stockbridge, for example, will be that the physically handicapped, the elderly and persons with minor disabilities can derive pleasure from gardening.

The Arnold Arboretum of Harvard U.'s Exhibit, "Up Against the Wall," advocates the creative use of plant material to brighten the maze of blank, lifeless walls that dot the landscape.

In a similar vein, the Roxbury-

Dorchester Beautification Program, Inc., will show how urban space can be utilized for horticultural purposes for the benefit of inner city residents.

"Survival into the 20th Century" is the theme of a five-part exhibit by students of New Bedford's Hayden McFadden School. Emphasis is on plants that provide low cost nutrition, medicinal value and are ecologically important.

The Women's Exhibition Committee of the Mass. Horticultural Society, working with seven garden clubs, will offer showgoers a series of gardens created in the face of particular environmental problems. A Woodland Garden, created by the Noanett Garden Club, will demonstrate the rehabilitation of a neglected site through removal of undesirable growth, preservation of existing plants of value and introduction of appropriate native and cultivated material.

## Spring Trip By Garden Club

The Andover Garden Club has planned a four-day spring tour of some of the East's most famous gardens, including the Swiss Pines in Pennsylvania, Winterthur and Longwood Gardens in Wilmington Del., and the Duke Gardens in New Jersey.

The April 27 to 30 tour, will be by motor-coach, with accommodations at the Hotel

duPont in Wilmington. Club members and friends and family are eligible, and reservations must be made by March 20 with Mary Elizabeth Lengemann, 88 Spring Grove Road, Andover.

At the Swiss Pines, gardens of Japan have been recreated with Ishi-Toro Stone Lanterns, a Japanese tea house and garden, a Karensansui or stone garden, an

herb garden, rhododendrons and heather.

The tour at Winterthur will include rooms in the main and south wing as well as the gardens. At Longwood, water displays and large conservatories vie with the outdoor gardens for attention. The Duke Gardens feature 11 individual, distinct gardens of many countries.

Also included will be stops at the Hagley Museum, Gardens and Eleutherian Mills, an early duPont Home, The Brandywine Museum, the Mushroom Museum and Nemours.

Departure time is 8 a.m. April 27, with return about 7 p.m. on the 30th.

## Walter Muir Whitehill, Author, Historian

Memorial services for Dr. Walter Muir Whitehill, 72, retired director for the Boston Athanaeum, will be held today at 2:30 p.m. in the Church of the Advent, in the Beacon Hill section of Boston.

Dr. Whitehill, known as "Mr. Boston," died Sunday at Massachusetts General hospital. He suffered a massive cerebral hemorrhage Feb. 16 while en route to his North Andover home and had been hospitalized since.

Whitehill resided in a home on Andover street, North Andover overlooking the common. In the barn, attached to the colonial style home are books written by Dr. Whitehill along with other books and reference sources he had collected.

While at the helm of one of the nation's oldest and greatest private libraries, Whitehill was credited with playing a leading role in the move for the preservation and restoration of old but architecturally-significant Boston buildings.

Privately, he worked closely with three Boston mayors — the late John B. Hynes, John Collins and Kevin White — to preserve Old City Hall, the Old Corner Bookstore, the Quincy Market area, Sears Crescent, St. Stephen's Church, and a score of other historic sites.

Widely respected as an historian, scholar, editor and man of letters, his books, monographs articles, pamphlets, prefaces and introductions spanning a wide range of subjects are voluminous and are widely quoted. Among his many books are several which made him the dean of those writing about Boston in this century.

Last May, he was one of seven men and women honored by the city as "Grand Bostonians."

Whitehill was a trustee of the Boston Museum of Fine Arts, the Athenaeum of Philadelphia, the Peabody Museum of Salem, Marlboro College in Vermont, and the Fruitlands and Wayside museums. He was president of the New England Historic Genealogical Society, librarian of the American Academy of Arts and Sciences of which he was a Fellow, recording secretary of the Massachusetts Historical Society, president of the Boston Historical Conservation Committee, and editor of the Colonial Society of America.

Born in Cambridge, he prepared at Boston Latin School and Wellesley High School for Harvard College, where he was awarded a degree cum laude in 1926. His master's degree was from Harvard in 1929 and the University of London awarded him his doctorate five years later.

He spent eight years — 1928-1936 — in Spain pursuing studies in medieval art and architecture. At the outbreak of the Spanish civil war, he and his wife, the former Jane Revere Coolidge, returned to this country and he became assistant director of the Peabody Museum. His first book, "Spanish Romanesque Architecture of the Eleventh Century," was published during that period.

He served as a lieutenant commander during World War II assigned to the Office of Naval Records and Library and later, he collaborated with Fleet Admiral E. J. King on the admiral's biography.

He was a member of Phi Beta Kappa and held membership in the Somerset

Club, the Tavern Club and the Club of Odd Volumes which he served as president, the Century Club of New York City and the Army and Navy Club of Washington, D.C.

Besides his wife, a descendant of Thomas Jefferson, he leaves two daughters, Jane Rotch of Charlottesville, Va., and Mrs. C. Christopher Laing of London; and six grandchildren.

He will be buried in a cemetery where Jefferson is buried on the grounds of Monticello in Charlottesville.

## Eunice O'Hagan, Was Longtime Andover Teacher

Mrs. Eunice Marie (O'Donnell) O'Hagan, 66, of Jackson Street, Edinburg, Va., a former teacher in Andover, died Saturday at Shenandoah County Memorial Hospital after a long illness.

Born in Andover, April 26, 1911, the daughter of the late Thomas and Mary (Tobin) O'Donnell, she was educated in the Andover schools and was a graduate of Lowell Teacher's College. She received a master's degree from Boston University.

Mrs. O'Hagan taught in the Andover school system for many years before moving to Virginia about seven years ago. She attended St. John Bosco Church, Woodstock, Va.

She is survived by her husband, Edward J. O'Hagan of Edinburg, Va.

A funeral mass was offered Wednesday at 10 a.m. in St. Augustine's Church, Andover, Mass. Burial was in St. Augustine's Cemetery.

## Carter Finally Getting Along With Colleagues on the Hill

WASHINGTON — President Carter is finally learning how to get along with Congress. He has been slow to learn, and has suffered some bad legislative defeats. But it now looks as if he is getting the hang of it.

The formula is simple. He is learning to use the carrot-and-stick approach. He has courted congressional leaders and responds swiftly to their advice. But if they oppose him, he has learned to withhold favors.

Take the B-1 bomber battle. President Carter wanted to cut military spending, and he searched the defense budget for expendable items. He decided that the Air Force could do without the B-1 bomber.

But Congress threatened to appropriate \$462 million anyway for two more B-1 bombers. The president met behind closed doors with his Cabinet and told them that he wanted to block the appropriations.

According to the confidential minutes, he said the production of two more B-1 bombers would be a "half-billion dollar total waste." He asked every member of the Cabinet to contact their friends on Capitol Hill. And he assigned his chief lobbyist, Frank Moore, to coordinate the campaign.

Defense Secretary Harold Brown and State Secretary Cyrus Vance made personal calls to key members. Even Agriculture Secretary Bob Bergland phoned his friends in the House about the bomber.

The White House legislative staff warned several congressmen that they might lose pet projects for their districts if they voted for the B-1 bomber. All in all, this was President Carter's best lobbying effort so far.

The president succeeded in killing the B-1 without even antagonizing or alarming his military strategists. He has worked quietly behind the scenes to gain the confidence of the Joint Chiefs. He has invited them to the White House for detailed strategy conferences. He has visited with them at the Pentagon.

As a result, he has boasted to his Cabinet, he is on excellent terms with the Joint Chiefs. He has "generated a compatibility among the strategic planners of our government," he told the Cabinet, which was "unknown in former administrations."

**Poppy War:** We have previously reported about the "poppy war" in Mexico's Sierra Madre mountains. Mexican troops have been destroying the poppy fields, which supply heroin for the United States. The brown heroin, known as "Mexican mud," is worth billions on the U.S. black market.

Shooting often breaks out between the Mexican soldiers and the armed poppy growers. Helicopter pilots seek out and spray the poppy fields, which are hidden among the crags and canyons of the high mountains. One of our reporters flew with them and reported that it is the most

dangerous flying in the world.

The helicopters whirl within inches of canyon walls and jagged rock formations. Sometimes they crash; sometimes they are shot down by the poppy farmers.

More than 44,000 poppy fields have been sprayed during the past two years. At least eight tons of potential heroin have been destroyed before it could reach the border. This has caused a drastic heroin shortage in the back alleys of the United States.

A snag, however, has developed in the poppy war. Suddenly, the spraying declined by one-third last month. U.S. drug experts have been barred from the helicopter missions. Our sources doubt, in fact, whether the fields are being destroyed at all now.

We have learned that the Mexican authorities are unhappy with President Carter. They don't like his new immigration restrictions. They are also displeased with his natural gas pricing policies. So, in retaliation, they have quietly stopped cooperating in battling the drug menace.

Peter Bensinger, head of the Drug Enforcement Administration, met privately in Geneva with Mexico's Deputy Attorney General Samuel Alba Leyva, to straighten things out. Bensinger told us he is satisfied the cooperation will resume.

**Diplomatic Pipeline:** If the world's deadbeats paid their overdue bills to the United States, it might be

enough to finance welfare reform. The total foreign debt to the United States amounts to \$42 billion. Although their payments are not in arrears, the biggest debtors are Israel, India and the United Kingdom — each of which owes in excess of \$3 billion. Cuba has owed the U.S. Treasury \$3 million since Castro took power, nearly 20 years ago. And Ethiopia is in the red for more than \$51 million.

— Another voice has been added to the vocal opposition to the Panama Canal treaties. It seems there is a Masonic lodge in the Canal Zone with almost 600 members. It is the only privately owned piece of property in the Zone, and it is worth a half-million dollars. The old canal treaty protects the lodge from Panamanian control, but that guarantee is not written into the new treaties. Now, some of the Masons have asked Sen. Robert Dole, R-Kan., to offer an amendment that will save the lodge.

— The 1980 Summer Olympic games are still two years away, but already a major political battle is brewing between the United States and the Soviet Union. The Russians have proposed changing the international rules to bar broadcasts by Radio Free Europe, Radio Liberty and the Voice of America. The International Olympic Committee will consider the Russian proposal at a spring meeting in Athens.

# Library Addition Funds May Go To Town Meeting

It would appear that the Memorial Hall Library Trustees may get their wish to move ahead on some preliminary planning for library expansion.

An article may be inserted in a special town meeting warrant within the annual town meeting, to seek the town's permission to remove a contingency placed on a 1973 appropriation of \$5,000 for expansion planning for the library.

That article was approved contingent on the town acquiring the Cyr property which is adjacent to the library land being developed by the service station next door.

That land has not been acquired as yet, and the trustees feel that conditions have changed with the acquisition of the theater property which will now permit expansion in that direction.

Trustees have asked the selectmen to insert the item in past town meeting warrants without success.

Monday night at a conference session between selectmen and trustees for library budget review, the subject was discussed again with the result that this time it may reach town meeting floor. Trustee Chairman Frederick S. Allis told selectmen his board had written in January asking that the matter be placed on the town meeting agenda this year. He said he had also discussed the matter with Acting Town Manager Sheldon S. Cohen, but the item never made the warrant.

Allis said it was his understanding that it had been customary for selectmen to insert articles in the warrant at the request of town boards and committees, withholding support or opposition to such items until later or even on the town meeting floor.

Allis said he was somewhat annoyed that the selectmen had not responded to the request of the trustees and asked if the town was to become "monolithic, in that decisions will be made by the manager and the selectmen, or can independent bodies discuss things, fight it out and come up with decisions in the best interests of the town."

Chairman Susan T. Poore said the selectmen had not seen the letter and Acting Manager Cohen said that it had not been turned over to them.

Cohen also said that the town was in the process of putting together a capital program and it was a question of where the particular request fit into the picture.

He said the library addition was planned for 1981 under terms of the program. Such an addition, based on current estimates would cost the town in the vicinity of \$250,000 annually in the first few years.

Allis had mentioned that it would be beneficial to have the plans on hand in case some federal or state funding program came along. He emphasized that the trustees have no intent to push for expansion once the plans are developed and would probably wait until the 1981 start date indicated in the capital program.

But Cohen said that federal or state aid for such a project is questionable at best unless something unusual should occur within the next few years.

Allis and Library Director Nancy Jacobson said that the acquisition of the theater property allowed the library to plan additions in that direction, even to the possibility of placing the structure on pillars to retain parking facilities which were also gained through the acquiring of the Essex street property.

Cohen said there are other problems to consider, to the extent that other town departments had submitted requests for consideration in the capital program and they must live within the program as out-

lined.

Cohen also said that with a comprehensive plan to be developed for the Central Business District, it might also be advisable for the library to wait to see where they fit into this planning project.

Allis replied that the library had no options. There is only one way to go and that is on the Essex street land. The trustee

chairman said the present building is sound and in no way would relocation be considered for the library facility.

Selectman Edward M. Harris said he was of the opinion that the library had to expand sooner or later and saw no objection to getting the planning funds released. He felt the reason given that should some funding for library projects become

available was sound enough to authorize the removal of the present contingency on the money award the library four years ago.

Selectman Philip Salamone felt the funds could be released but that the town should work closely with the town manager's office on the project, a condition completely amenable to the trustees.

## Mrs. Cole Seeks One Year Term

Virginia H. Cole

Wrapping up six years as Finance Committee member, Virginia H. Cole has announced her candidacy for selectman for the one year unexpired term of Richard Bowen.

An Andover resident since 1952, Mrs. Cole was elected to the School Committee in 1964 and again in 1967. Before and after the School Committee terms, she served on the Recreation Committee and worked to expand recreation facilities and activities from a summer playground program to a comprehensive department. The development of Recreation Park was part of that effort. Mrs. Cole has worked towards energy conservation through recycling in Andover for the last five years.

The candidate considers herself a fiscal conservative and as FinCom vice chairman worked for more cost effective government. She is a supporter of a strong Town Manager-Town Meeting form of government and is in favor of greater participation by citizen volunteer boards. "The present Board of Selectmen has extended the use of volunteer boards and committees for the study and solution of town problems. I would like to see this use of talented townspeople encouraged and

expanded further," she said.

Mrs. Cole is concerned about the growth and expense of county government which has increased until this year it will cost Andover taxpayers \$1,000,000. "The proliferation of regional boards and commissions, controlling growth in outlying areas and a strong Central Business District are challenges Andover is now facing," Mrs. Cole observes.

From her position on various town boards over the last 16 years, Mrs. Cole feels she has gained experience in review and recommendations of all town budgets, fiscal regulations for social agencies such as the Mental Health Council and Outreach programs and negotiations with employee groups such as teachers, school custodians and secretaries.

Mrs. Cole is a past president of American Field Service (AFS), and the League of Women Voters, served on the Bicentennial Committee in 1975-76, was tutor co-ordinator for the Greater Lawrence Area Ecumenical Ministry (GLEAM), a member of Andover Citizens for Equal Opportunities and Volunteer for Boston Schools. As a member of Christ Church she worked for the resettlement of Cuban and Vietnamese refugees.

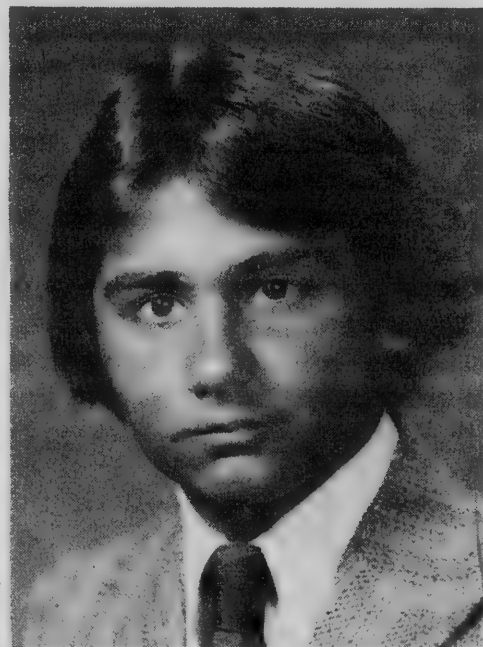

Mrs. Cole, treasurer of Cole Hardware, lives with her husband Milton at 268 Highland Road in a house they built themselves. Their three married daughters were educated in Andover Schools. Susan, wife of James Gulmi, lives in Nashville, Tenn., Diana, wife of Robert Cole in Portsmouth, R.I., and Constance, wife of Raymond Boileaux of Methuen.

## Named Saugus Manager

Andover's first town manager has been appointed to a similar position in Saugus.

Thomas E. Duff, who served in Andover from 1959 through 1964, and failed to win contract renewal from the selectmen at the end of his five year term, has been operating his own management consulting labor negotiations firm.

He had been serving as city manager in Barre, Vt.

Dennis J. O'Meara

## Appointed To Naval Academy

Dennis J. O'Meara has accepted an appointment to the U. S. Naval Academy at Annapolis, Maryland. He received a principal nomination from Fifth District Congressman Paul E. Tsongas earlier this year.

A high honor roll student at Andover High School, he is a co-captain of the varsity wrestling team, president of the Andover High Drama Club, and vice-president of the Humanities Club.

## Some Random Thoughts

watching the snow melt methodically and looking longingly toward a week from Monday when spring officially begins, we have a few random thoughts to discuss today, starting off with a reminder to the voters of the community.

We would hope that Andover voters will check the turnout on Monday, election day in North Andover and be somewhat alarmed as Andover's date at the polls approaches.

With 32 candidates seeking office in North Andover, only about 40 per cent of the registered vote turned out on what was, with the exception of being a little on the cold side, a fine day.

That type of interest should cause some concern here, since there is but one contest on the March 27 ballot,

that for the three year term for selectman.

Already the candidates themselves are concerned about the possibility of a lethargic reaction to the town election this year.

A year ago there were three contests and substantial issues debated prior to the election and, still, there was a small turnout.

What, then can be expected this year, with a dearth of issues and only one contest.

We recommend marking the calendar now and keep in mind March 27, election day. It is not only a civic duty, it could almost be considered an obligation to those persons who have expressed sincere interest in serving the town and are asking your consideration.

## The Library

Library trustees are anxious to get on with some preliminary planning for an addition.

By their own admission the trustees aren't about to go out planning then come back in a relatively short space of time with requests for funds.

Their thoughts at the moment are to be ready if by some circumstances some funding becomes available for such things as library construction in a federal or state program.

The library was awarded \$5,000 for planning funds several years ago, with the money to be used only after the obtaining of the property adjacent to the building now being developed by a service station.

That land was never acquired, but since the original article was passed, the library property has been expanded to include the former theater building and land.

This, then, fulfills the contingency placed on the financial item for plans, with the exception of the specific area acquired.

Trustees now want to get the funds released to produce the plans and be prepared, conceding that their place on the capital improvement program calendar isn't until 1981.

Selectmen were asked last year to place the matter before town meeting again to alter the contingency regarding the land, but it never made the warrant.

It would now appear that the request will be made in a special town meeting warrant, with the annual town meeting. Frankly, it doesn't seem objectionable to have the plans on hand, provided, as the trustees aver, they won't be pushing for the addition ahead of schedule unless some special funding becomes available.

## Industrial Funds

The Industrial Development Commission will be seeking \$10,000 at town meeting this year to do some advertising about Andover's potential for industrial tenants.

The idea seems a good one.

To date, the IDC has accomplished some rather formidable tasks assigned them, such as putting together the Sacred Heart building and land package, and working on the post office location matter.

In a survey taken over a year ago, townspeople said a top priority for Andover's future should be the acquisition of good, clean industry to assist in broadening the tax base.

We would suggest that the IDC has done so well with little or no funds to date, and no advertising funds, that to afford them this rather small amount of \$10,000 to attract attention to the town's industrial areas, seems a good investment.

## Down The Years With The Townsman

### 75 Years Ago — March, 1903

A very quiet town meeting was held Monday, with the largest appropriation being for \$28,000 for maintenance of the schools, which includes a salary account.

The horses will continue to be stabled at the fire house. A move to have the animals declared for town useage, was defeated at town meeting when the fire engineers felt the necessity of keeping them at the central.

At the organizational meeting of the school committee Tuesday night John Alden was chosen as chairman. He will also serve on the subcommittee overseeing the election of teachers and janitors.

William H. Higgins has gone for a trip down east for a period to extend at least ten days. He is hopeful of bringing back some fine horses for sale.

An athletic association has been formed

at the Punchard High school the purpose being to foster interest in the sporting life there. Roy Lindsay has been chosen as the first chairman and a constitution will be drawn up as the first order of business.

### 50 Years Ago — March, 1928

Andrew McTernan is re-elected to another three year term as selectman and assessor. In the special contest for a two year term to fill a vacancy, Jeremiah J. Daly was the winner by 37 votes over Thaxter Eaton who has asked for a recount.

John F. O'Connell of Andover retired as president of the Merrimack Valley Country club at the annual meeting held last week. Mr. O'Connell declined to serve for another term and his place was taken by Louis S. Cox.

The fire department has been kept busy

this past week responding to a number of brush fires. Six such fires were reported over the weekend which in some ways gives evidence of an early Spring.

At the annual meeting to discuss the town warrant, held by the Andover Club Monday night, only 50 men were present, indicating not much interest in town meeting. The only item prompting discussion was the \$13,000 appropriation for a new pump for the fire department.

At the meeting of the Essex County Assessors Association, held at the Hawthorne Hotel in Salem Monday, Andover Assessor Frank H. Hardy was elected secretary for the group.

For those of you who do not know it, anyone who comes to The Haven is an associate and therefore eligible to attend the Associates Meeting. In addition to a brief business meeting there will be movies and light refreshments. The films are "U.S. No. 1" — a profile of the American people the length of the U.S., Route 1 from Maine to Florida, and the second film is one from the Irish Consulate

entitled "These Stones Remain" — in conjunction with St. Patrick's Day.

Wednesday, March 22, is the date of the Pot Luck Lunch at The Haven. It will start at 12:30 and everyone is invited. In order to have a reasonably balanced meal you are urged to call The Haven and let them know what you're planning on bringing.

Call 475-3968 (The Haven) for further information. Pot Luck lunches are always fun because there are so many good cooks in Andover! Plan on being there.

There will be a special "Meet The Candidates" program at The Haven on Thursday, March 23 at 2 o'clock. Don Scott of the Council on Aging is going to serve as Moderator. Your presence is needed to make it a lively afternoon.

It is still possible to get income tax help at The Haven. It is given by one trained by IRS and by appointment only. Call The Haven to arrive at a mutually acceptable time to use this service — which is free!

Among the dates to look forward to — and for which you should watch these columns are a trip to Lexington and Concord for a Patriot's Day tour of these historic areas, and in May, a trip to Ottawa, Ontario, Canada, for Canada's tulip festival and springtime in Ottawa. Watch for details.

## "Lysistrata" At Brandeis

"Lysistrata," A Greek comedy written by Aristophanes in 412 B.C., will be staged at Brandeis University's Laurie Theater March 10 at 7 p.m., March 11 at 2 and 7 p.m., and March 12 at 8:30 p.m.

"Lysistrata" is the last of the three plays which Aristophanes devoted to the war with Sparta. The satire was an attempt to stem the rush towards annihilation, to save something from the wreckage of the war.

It is directed by Brock Putnam, a graduate student who is on leave as a drama teacher at the Fessenden School in West Newton. A graduate of Amherst College, he has acted and/or directed at the Weston Playhouse in Vermont, the Williamstown Summer Theatre and the McCarter Repertory Theatre in New Jersey as well as other companies across the country.

## Tax Aid

Assistance for Massachusetts taxpayers is now only as far away as their telephones according to State Tax Commissioner Laurence D. Fitzmaurice.

For the first time, the Tax Department has a toll-free number — 1-800-392-6089 — at which taxpayers can obtain assistance if they live outside the Boston Metropolitan area or any of the Department's eight District Offices.

## WHY YOU SHOULD BUY A PERFORMANCE CAR FROM A COMPANY FAMOUS FOR SAFETY AND DURABILITY.

If you ever dreamed of owning a car that really goes, you should wake up to two considerations: will it keep you out of trouble, and how long can it keep on going?

Introducing the 1978 Volvo 242GT. It not only gives you the performance you're expecting but it's built to deliver the safety and durability Volvo is legendary for.

You also get something totally unexpected in a Volvo: terrific looks. A silver metallic finish matched with black corduroy.

The engine is a fuel injected, overhead cam, cross-flow four. The four-speed manual transmission comes with overdrive.

For precise handling, the GT's special suspension system includes McPherson struts,

stabilizer bars front and rear plus heavy-duty springs and shocks. Rack and pinion steer-

ing and steel-belted Pirelli CN36 radials are standard.

The 242GT is also built to keep you out of trouble. You get dual brake circuits with four power-assisted discs; a special valve on each rear brake line designed to prevent pre-

mature lock-up; and impact-absorbing front and rear ends

surrounding a steel passenger cage to keep you out of really big trouble.

Come in soon, examine the new Volvo 242GT and take it out for a real test. It's a limited production model but we're not about to hold it back on the showroom floor. That's the last place it belongs.

## START 1978 WISELY!

### SAVE \$300\* to \$700\* ON A 1977 SAAB

Saving \$300\* to \$700\* on a Saab — one of the world's finest performance cars — is a smart move.

Practically brilliant considering these choices. The luxurious GLE, the sporty powerhouse EMS and the 3 and 5-door GL that combine performance with practicality.

We've only a few left (1977 was a great year!)

So hurry in. In this case, caution will not be the better part of wisdom.

Manufacturer's suggested POE list prices on these models were reduced by \$300 effective January 6, 1978.

In accordance with Chapter 40A, G.L., Section 5, notice is hereby given that the Andover Planning Board will hold a public hearing on Monday, March 20, 1978, at 8:30 p.m., in the Town Hall, Conference Room for consideration of the following proposed amendment to the Zoning Bylaw.

## FLOOD HAZARD ZONING

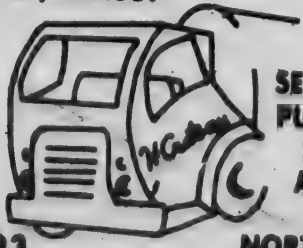

1) Amend Section 3 Establishment of Districts, by adding paragraph E) Flood Hazard District, creating a flood hazard district within the Zoning Bylaw, with boundaries as designated on the Federal Insurance Administration Flood Insurance Rate Map and creating a floodway with boundaries as designated on the Federal Insurance Administration Flood Boundary and Floodway Map.

2) Amend Section 6 by adding paragraph J) Flood

Hazard District describing the regulations applicable within that district. Those regulations include a requirement regarding the elevation of the lowest floor of residential structures to or above the elevation of a 100-year storm, and the elevation or water-proofing of the lowest floor of non-residential structures to or above that same elevation; requiring that the flood carrying capacity of watercourses be maintained, and requiring that no encroachments of fill or new construction shall take place within the floodway unless there is a compensating action taken outside of it to preclude any increase in resultant flood levels. Paragraph J also deals with the process by which Special Permits for exceptions can be granted.

### MEDICAL IMPROVEMENT DEDUCTIBLE

Home improvements are generally not tax deductible, but they can be — if they're a medical necessity. For example, a swimming pool to provide treatment for a polio victim; a chairseat elevator for a heart patient; central air conditioning for a child afflicted with cystic fibrosis.

How much of the expense is deductible? The amount over which it increases the property value. For example, if an elevator costs \$5,000, and the property value is increased by \$1,000, the \$4,000 excess is deductible. If there's no increase in property value, it's all deductible.

ble.

But you'll need two documents to support this claim. A letter from a doctor stating that it is a medical necessity and a written opinion from a competent real estate appraiser stating the amount (if any) the improvement adds to the value of your property.

\*\*\*\*\*

If there is anything we can do to help you in the field of real estate, please phone or drop in at THE HOWE AGENCY, 4 Punchard Ave., Andover. Phone: 475-5100. We're here to help.

## Keeping books is old fashioned.

### We give them away.

The way we figure it, giving our books away  
 accounts for a lot of pleasant house-hunting each  
 month.

The book that we give away is called "Homes For  
 Living Magazine". It features pictures, prices and  
 descriptions of homes currently offered for sale.  
 We publish it each month for our area, and we  
 receive copies published by other Homes For  
 Living Network REALTORS® from all 50 states.

That's why even though we give our books away,  
 we have the most accurate accounting of homes  
 currently available locally or anywhere in the  
 country. And we can show them to you . . . today!

It's the Homes For Living way to look for a home.  
 And it's just another way of saying . . .

# Held In Death Of Husband

A Pepperell woman, alleged to have run down and killed her husband on Haverhill street early Tuesday morning will face charges of manslaughter and driving under the influence at a Lawrence District Court hearing on March 30.

Patricia Whippie, 26, 41 Heald St., Pepperell, was arrested by police following the death of her husband, Arthur, 35, early Tuesday morning.

She was brought to Lawrence District Court Tuesday morning and the charges were brought and the case continued for hearing until March 30. She was released

on personal recognizance.

Police said that Mrs. Whippie was driving the car which struck her husband after he got out of the vehicle on Haverhill street near York street about 1:30 a.m.

Arthur Whippie was reportedly going to stay at a place of employment in one of the nearby businesses in the mill. Police indicate that there had been argument between the two.

Investigators believe that Mrs. Whippie

let her husband out of the car then turned around and bore down on him. He was dead on arrival at Lawrence General hospital.

The two had met Monday night in a Methuen bar, police indicated.

## Honored By Air Force

Eileen Bissett of 18 Ridge St., Andover, was recently honored in a civilian award ceremony at the Electronic Systems Division at Hanscom Air Force Base.

Ms. Bissett received an Outstanding Performance Rating in recognition of her consistently superior work in all areas of job performance.

The Andover resident is a production clerk in the directorate of manufacturing, deputy for technical operations.

time football coach at Lawrence High school. The position pays \$5,000 and indications are he has sufficient votes to be awarded the contract.

George A Porter was appointed a permanent patrolman by the selectmen this week from a civil service list. Named as a reserve patrolman from the list was Joseph Serio of Lowell Junction Road.

Annual town meeting this week approved an operating budget of \$1,509,976, which will result in a \$1 increase in the tax rate.

It will be up to the school committee to determine if they wish to challenge the town's right to cut the school department budget. Voters chopped \$1,400 from the amount requested at town meeting.

Town meeting by a slim margin rejected, on a voice vote, the article which would require the board of selectmen to conduct open meetings.
